v.	
	the training field. Red flags had been set up along the boundaries of the
	field. From observations previously made, source inferred that major exercises
	with tank and artillery units were being held and that unit from the boewen
1	Easerne also participated in them. Tany new Pfcs and corporals were seen at the tarracks installation. At 10 a.m. on 10 August, all the soldiers, i.d. a total
	of 1,200 to 1,400 soldiers wearing dress uniforms fell in at the drill ground.
	A band was playing, when Pajor Sorkin (fnu) appeared. Le saluted and the troops
	answered with a hurrah repeated three times. The soldiers ther left in crows of
	75 ren each led by one officer for the athletic field. They returned at 1:30 p.m. (5)
7.	About rid-July, all old motor vehicles moved from the Loewen Maserne to the old
	camp, where they were inspected by a commission. Some of the vehicles were retained.
25X1	they will be returned to the U.S.S.R. on 2 august, 60
25X1	new trucks arrived at the Dellgow railroad station. They were assigned to the
	various barracks installations of the military post. The Loewen Kaserne received
	arout 19 truexs.
3.	In early August, two training details of Soviet soldiers scheduled to relieve
	German personnel employed at various barracks installations in bookeritz were
	formed. A group of about he soldiers was trained by a heating engineer, and
• ,	another group of about 35 soldiers was instructed by the foreman of the German
	person el of the Leeven Kaserne. The training covered the heating plants, the sewage system and electrical installations, and was allegedly to last three months.
25X1	-According to a Soldler, the Soviet personnel is not coing to work now but is
-5/(1	scheduled to be held in reserve for special cases, quarters were being prepared
25X1	in building to il for 19 female auxiliary personnel which were expected to come
25X1	from the U.S.S.R.
23A1 ?。	At 8 s.m. on 11 lugust, 13 trucks, each occupied by six soldiers who were
	red-bordered black enaulets, and toking 120-rm mortars were being loaded at the
25X1	Dallgow railroad station.
	22: 04: 2
25X1	Fifteen new trucks were also leaded on the same train. Such of the latter trucks had a driver and an assistant driver, who were red-bordered
23/(1	black chaplets. (6)
25X1	
(1)	Corrents.
(1)	The departure of the bulk of Unit Major Mopov (fru), which is believed to be the 18th (7) Engr In of the 1st Mecz Miv, was previously reported
25X1	The battalion possibly moved to take berlin near Rathenow,
	Where, according to some indications, elements of the division practiced in 1941.
25X1	The Field Correct to reference on the identity of Unit Colonel Kavalov (fun) remains
(2)	Valid.
25X1	The observation that members of the advance party were tank and AT insignia would not support the previously voiced assumption that the 26 Light Arty rig (LS) was
	to occupy the Clympisches Dorf.
(3)	The training of Soviet soldiers to relieve German auxiliary personnel was
25X1	proviously reported
05.74	Company because concernent in Company has broaded the beautiful taken throughout Masbern
25X1	Germany, because concordant information has been received from other military posts. For key to the mmerical designations of barracks buildings as used in
25X1	peragraph C.
(37	This fiem of information proposely refers to the unloading of a mixed artillery unit
25X1	of the 1st 'ccg liv, Mone return from Jueterbog was previously reported
(5)	According to these elservations, the exercises of units of the lst local Div at the
25X1	According to these diservations, the describes of units of the 1st receipt at the factorite troop training grounds continued until mid-August, and apparently was
	on a larger reale than before Tagor Lorkin (fun) was
25X1	previously known as being abathened at the Loewen baserne.
(5)	intraining of elements of the lat Necz Div. probably units of the 294th Lort negt
25X1	(US), moved to Juctorbog.
